Hood College iPad Distribution Policy

Hood College will provide one iPad to each degree-seeking undergraduate student enrolled in 6.5 credits or more during one full term. To qualify for an iPad, a student must be:

- pursuing an undergraduate degree (BA, BS, or BSN) from Hood College
- enrolled in 6.5 credits or more in the same term at the close of the drop/add period

At the end of the term in which the student received the iPad, the student may keep the iPad provided they have no outstanding financial obligations to the College. If the student withdraws from the College with an outstanding financial balance for the term in which the student received the iPad, the student must return the iPad to the College in good working order.

Students will only be issued one iPad by the College. Once the student has received an iPad from the College, maintenance of that iPad is the sole responsibility of the student.
